EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

Government Engineering College, Bharatpur (RTU)

CGPA: 8.5 | Expected Graduation: 2028

EXPERIENCE

Founder – Heatbond (Seed-Funded Startup | 1.5 Years)

- Led end-to-end startup operations including planning, execution, and process optimization.
- Worked on automation-based problem solving and system-level thinking for real-world use cases.
- Collaborated with mentors and stakeholders during seed-stage funding and growth phase.

PROJECTS

Startup Management & Automation Platform

Tech Stack: Python, HTML, CSS, SQL

- Developed a full-stack web application to manage startup operations.
- Implemented database-backed CRUD operations.
- Designed an admin dashboard for tracking internal activities and expenses.

TECHNICAL SKILLS

Languages	Python, C/C++ (Basic), SQL
Web Technologies	HTML, CSS
Design & Fabrication	AutoCAD 360, 3D Printer Operation & Object Fabrication
Tools	GitHub, VS Code
Core Concepts	DBMS, Automation, Problem Solving

ACHIEVEMENTS & ACTIVITIES

- 1st Prize – Tech Fest, Government Engineering College Bharatpur
- 3rd Prize – Ideathon 2025 (iStart Rajasthan), organized by iStart Rajasthan and conducted by RKCL
- Recipient of Seed Stage Startup Grant (Heatbond)
